SUMMARY

Highly innovated and dedicated third-year Bachelor of Science in Applied Computing student with a passion for UI/UX design, seeking an internship to gain hands-on experience and to enhance my skill. I am looking forward to contribute to user-centered design projects and show case my creativity while continuing to develop my expertise in crafting intuitive and engaging user experiences. I have a proven ability to coordinate teams, manage project timelines, and ensure successful projects outcomes.

EXPERIENCE

Lead in UI/UX in a project, Tech Club KCA University

Sept - Dec 2023
